Sean,

Divers have been reminded to don their suit AND gloves in the reduction zone, per their HASP. They will need to be helmeted in the work zone where cables are connected.

Thanks,
Jonni

I see some bare hands in the hot zone, please ask that they correct-

Thanks !

Hello,

The Pre-RD group has retrieved ST07B and is currently installing the replacement trap. Pictured is ST07B (RM 16)
